To Whom it May Concern,

I've had the great pleasure to have Christine Leuhusen as an integral member of my camera team. Christine is a very dedicated, hard working, talented filmmaker. Tasked with on-set, location and stage duties, Christine rose to every occasion and situation with competence, ease and good nature. I have also observed that she has a wonderful eye for photography and an innate sense of filmmaking.

Christine is wonderful and I do not hesitate to recommend her for any production and I very much look forward to having her as part of my team again.

Sincerely yours,

A handwritten signature in cursive script that reads "David Moxness".
